FROM THE PRESIDENT FCE - IT'S MAGIC!

The magic of FCE is on the road again. Now that the weather has turned milder the MDAFCE Board, which often meets in Anne Arundel County, is visiting the various other member counties. In May, we had our meeting in Frederick County and enjoyed a delicious luncheon provided by the Frederick FCE. Carroll County will be our host in June, Prince George's County in August, and Montgomery County in November. These different locations are inspirational and magical. When we are in the Northern counties, it allows Allegany County also to join us.

Abracadabra! The magic continues. Volunteers have come forward. Thank you to Ann Fishell for helping with the Education Committee and Marie Moeller for filling in on the Marketing and Public Relations Committee. Is there anyone else who would like to help?

Our support of ACWW Walk Across the World was enthusiastic and rewarding. Each county planned short walks and collected donations. We started small this year but I hope we will grow in the future. The exercise was great and should be continued. It felt magical to be part of a world effort.

An exciting opportunity is coming up for MDAFCE Board. Judy Fullmer, our National FCE President, is coming to Thurmont, Maryland for the wedding of a relative. She contacted us wanting to meet the MDAFCE Board in her free time. Abracadabra, we organized a luncheon with her at the Cozy Restaurant in Thurmont and invited Delaware, Virginia, and West Virginia FCE's to send representatives. I hope that it will be a magical time getting acquainted and sharing ideas.

If you have any thoughts, ideas, or magic to share with me or the board, please come to our meetings, email or call me. I look forward to knowing you better and sharing the magic of FCE.

NEWS FROM THE VICE PRESIDENT FOR PROGRAM

Our annual Maryland FCE program report for 2011 has been completed and mailed to National FCE. It was very encouraging to combine all the county reports and realize how many excellent programs were presented across the state. **KEEP UP THE GOOD WORK!**

“Summer days are here once more,
We see them by the stream,
Where Nature's ferns and mosses grow,
Where one can sit and dream.
They're written in the birdsong sweet,
The humming of the bees,
The fragrance of the garden flowers,
The lowly, little weeds.
We treasure all these summer days,
Each has a certain flair
For bringing joy to everyone,
No matter who or where. “

(Excerpted from the poem “Treasured Summer Days”
by Loise Pinkerton Fritz)

As you enjoy your summer, remember the ideas presented in our popular program “BEING GREEN” and do your part to keep the environment clean. Drive smarter to save money and reduce car emissions. Recycle your cans, glass, and plastic containers. Bring your own canvas bags to the supermarket.

If we all do our share and encourage others, we can continue to treasure these beautiful summer days.

IN AND AROUND MARYLAND

ANNE ARUNDEL COUNTY

Anne Arundel Lauds Extension Youth

The Anne Arundel ladies are busy as usual, but more on that later. First a good word on our youth. Saturday, April 28th was the State Public Speaking contest for the 4-H youth who had won at their county level. It was held at the University of Maryland, College Park and attended by participants from throughout the state. It is important to take notice of the good kids who are among us and talk about what they are doing. I served as a judge for the intermediate age group and was so pleased to listen to these young people who bravely try to hide their fears of speaking and risk of making some sort of blunder, but step up and do a very good job.

The subjects of the talks varied from the lighthearted "What I Did Last Summer," to "The Benefits of Playing a Team Sport." Then included were heartfelt talks on family, one speaker stressing the importance of family and another giving an inspirational talk on the love she had for a Down's syndrome brother and what that brother had taught her. Not to go without mention were those who spoke on the education, skills, experiences, and team work that has been a large part of their 4-H experiences. Also, not to be left out was the young fellow who spoke very seriously about what he would do if he were President. There were a large number of speakers, and those of us who were judges came through the experience very uplifted about our young people, and we even learned a thing or two, as well.

When our children are grown and maybe even grandchildren grown (as most of mine are) we feel we are removed from the young, or that we have done our part. But yet there is a need for us very grown up folks to volunteer to help with the 4-H programs or with judging the various contests. Anyone familiar with 4-H can tell you that the programs have kept up with the times. It's not just about farming, but well into the modern age with a variety of activities that fit almost any interest, and many that benefit the community and beyond, such as the environmental education that sensibly approaches the health of the bay and its inhabitants. Please if you would like to help, you may contact your local Extension office and ask to speak with the 4-H educator. They would welcome your call.

Now for a few words about our county doings. The Anne Arundel FCE donated \$290.00 to the ACWW and took our walk on the 29th of April in our local Down's Park. We have started a new venture of donating manufacturers' coupons for the military overseas, which they can use when shopping on base even if outdated by no more than six months.

The Harmans Homemakers FCE is celebrating its 50th birthday this year and is making plans for several events to mark that special half-century milestone.

Judith Ammenheuser

CARROLL COUNTY

Unusually warm weather greeted us for our March 19 meeting. The Carroll County Health Department sent us Maggie Kunz, Program Coordinator and Anne Messina, Head of Adult Evaluation and Review Services. They gave us an overview of the many services that the Health Department provides. They gave us numerous brochures to take home. Our group donated 7 summer adult sleepwear items and 13 pairs of summer slipper socks to the Domestic Violence Shelter. There were 3 children's books for Dads' Works, 9 magazines and 50 newborn baby caps made by Helen Totura to go to the hospital.

Several of our members signed up to participate in the World Wide Walk for ACWW April 29 at the Town Mall of Westminster. They carried signs to advertise FCE.

On May 3rd we celebrated 90 years of Carroll County Homemakers/FCE. The program was Myra Reichart in 1860's costume, "We Believed They Would Never Come" a Gettysburg resident's observations of the gathering signs of the battle to come. Piano music was played by Linda Hylan.

Our State Executive Board will be meeting in Westminster on June 4th at the Extension Office followed by lunch at Maggie's Restaurant. We look forward to hosting you. Come spend the day with us even if you are not on the board. Our Farm Museum will be open as well as other sites. We'll have tourism brochures ready for you.

Remember to register for our State Region 1 Meeting on October 17 in Westminster by October 1. Plan to stay a few days and visit our community. Best Western Hotel and the Alice Inn Bed and

Breakfast in New Windsor are great places to stay. Gettysburg is close by and keep in mind - there is no tax on clothing in Pennsylvania!

Barbara Greaves, Vice President for Program

FREDERICK COUNTY

On April 18, the Frederick County FCE and Homemakers held their annual Spring meeting. The theme of "Made in America" was highlighted by great centerpieces and clothing worn by our members. County Clubs had worked hard on their Scrapbooks to highlight their efforts during the past year. A wonderful presentation, "Made in America", was given by Jeanne Purich. She stressed the importance of reading labels for information on where the materials were made as well as where the product was assembled. A beautiful quilt was raffled.

The Frederick County FCE members and Homemakers Board of Directors supported the Associated Country Women of the World with ACWW Day on April 29, with "Women Walk the World for ACWW." All FCE and Homemaker Clubs currently collect Pennies for Friendship to support ACWW, which helps bring a better life to women, through clean water projects and agricultural development projects in 70 countries. The FCE members and Homemakers met at the Bandshell in Baker Park to walk in support of ACWW.

Libby Wade

The rest of our time has been consumed with the ACWW WOMEN WALK THE WORLD CAMPAIGN. Our group met April 18th to make our tee-shirts and on May 1st we walked (those who could) at a local shopping center with the rest cheering us on afterward at lunch. We had fun, raised some money, and promoted women's causes all at the same time!

The next item of interest will be our annual Spring Luncheon at The Royal Tea Room in La Plata, MD on June 5, 2012 from 11:00 - 3:00 pm. The

menu is on FACEBOOK now and we invite anyone interested in attending to come. I will need to know ahead of time (by May 28th) who is coming and if they are getting their order from the lunch menu (needs no reservation) or the High Tea menu (needs to be reserved ahead of time to plan for the set up). Please call Debra Rausch, 301-498-8806, if you are coming.

In county news, three of our county members from past years have passed away: an original member from Brandywine Triangle FCE, Betty Connor, 91, and Joyce Denny from Brandywine Triangle in April. Phyllis Ann Janus, a former member of Montpelier Homemakers Club, left us April 20, 2012. Keep their families in your prayers.

We look forward to the coming SUMMER and hosting the State Board in August. 'TILL NEXT TIME, CIAO. Debra Rausch

HOW TO MAKE EVERY WEEK POISON PREVENTION WEEK

In 1961, Congress enacted National Poison Prevention Week to be celebrated the third week of every March. However, we believe poisonings can be prevented 24/7, 365 days a year. Shockingly, 90% of all poisonings occur in the home, which is the one environment you would think people had the most control over. A poisoning is when someone swallows, breathes, touches or is splashed in the eye with a substance that can cause sickness or death. Yet not all of these substances are in and of themselves poisonous. An adult may take an aspirin to ease some pain, but when a two-year-old ingests a handful of

pills thinking they are candy, it can result in much more than a headache.

Here are some poison-prevention tips:

- Keep all cleaning products out of sight and reach of children; install childproof safety latches on cabinets.
- Store food and household cleaning products in separate areas.
- Keep products in their original, labeled containers, and read those labels prior to use.
- If the phone or doorbell rings when you're in the middle of using a product, close the bottle or box. Many incidents happen when adults are distracted.
- Wash hands thoroughly after using a product, and, likewise, wash any utensils that may have been used to measure or dispense a product.
- Turn on fans or open windows when using household and chemical products for proper ventilation.
- NEVER combine cleaning agents with ammonia. Some chemical mixtures can create deadly fumes.
- Do not use empty cleaning-product containers to store food, and, likewise, never use cups or baby bottles to store detergents or cleansers.

In case of an accidental poisoning or emergency, call the number listed on the product label or call the U.S. Poison Control Center's toll-free hotline at 800-222-1222.

Learn more about the National Poison Prevention Week Council at www.poisonprevention.org.

ACWW World President's Message

Women Walk the World

ACWW would like to say a huge thank you to all of our members who joined together on ACWW Day, 29th April – to walk in solidarity and support of our rural women worldwide. We have walked in Australia and Africa, Asia and the Americas and all parts in between.

By coming together in this way, we have shown how as a united group we can make a difference to our local neighborhoods, to our communities, to our countries and to the world.

Let's continue to work together in pursuit of a better life for women and children – in all walks of life.
